VSMP-3250	VS52D	3.250	Q6Q6VGG	G10145
VSMP-4500	VS31D	4.500	Q6Q6VFF	G10149

Features:

- Mechanically Crimped Components Eliminating The Need To Use Adhesive To Bond The Face To The Bellows
- Graphite Loaded Sintered Silicon Carbide Seal Faces For Optimum Resistance To Abrasives And Thermal Shock
- Hexagonal Drive Band Reduces Stress On The Bellows By Distributing Torque Over A Larger Area Than Competitive Designs
- FKM Elastomers For Optimal Chemical Resistance
- Stainless Steel Metallurgy To Resist Corrosion
- DIN Material Codes: Q6=GSSiC, V=FKM, F=304SS, G=316SS
- Prices Subject To Change Without Notice
- Effective 1/1/2020
